

**Where to sketch? Anywhere. Will people call me crazy? Yes. So? They do this once and that's it!**

If the following list will allay fear and make you feel more normal, then, the purpose is served. I've sketched in-

Cars, planes, dinner parties, meetings, kid's musical, thanksgiving, my kitchen, friends' kitchen, garages, airports, bathrooms, parking lots, day cares, hair salon, hospitals, hikes, labor room, office cubicles, store checkout lines. Wherever it floats your boat.
